Successful execution of the start is often the most influential factor in a sailing race, explains British Sailing Team 470 sailor Anna Burnet. This is particularly true for dinghy and inshore racing because a shorter race emphasises the need to start well and gain an early advantage on competitors.

Start Sailing Right is a fantastic primer for anyone with an urge to get out on the water and a reference guide for a lifetime. It offers one practical, usable tip after another and the profuse use of large, clear diagrams and humorous illustrations makes sailing quickly understandable and puts the new sailor at ease. But sailing can also be a challenging sport. A good sailor is always aware of changing winds and weather, and develops a healthy respect for Mother Nature and the safety of everyone on board. It's called seamanship, and it's a message that comes through loud and clear in this book.

This series is about sailing faster and smarter and with greater confidence. Where sailing is simplified for beginners as they learn fundamental skills and concepts, intermediate sailors are ready for deeper explanations and some of the details behind how a sailboat works.

While sailing has come a long way since then and there have been a lot of far more exotic craft launched, the Mirror remains a fantastic boat in which to learn to sail and to compete at the highest levels. With this second edition, The Mirror Book has been brought into the Start to Finish series format alongside such revered books as The Laser Book, The Topper Book, The Catamaran Book and The Foiling Dinghy Book. Like these titles, this book tells you everything you need to know about sailing the boat (whether it be the original gaff-rigged boat or has the newer Bermuda rig). Written for those starting out through to those striving to win a championship, the book is packed with practical advice and illustrated with step-by-step photographs. It covers: setting up the Mirror and early sailing experiences; developing skills on all points of sailing and with the spinnaker; racing & masterclasses to become a championship winner.
